

**WHAT I WISH IN VAIN***Beyza Nur Kılınçarslan\**

No word is enough to describe my woe  
No answer is able to give me response  
With desperation I try to endure difficulties  
Pursuit of happiness gives power to continue the life  
Oh death, how piteous the life has an end  
For your family, for your beloved  
  
I wish of being a careless creature  
Never sad, never drowning an eye  
I wish stopping the fate, destiny who catches the souls  
I wish stopping on the roof the crying owls  
But impossible, so prayers I say
